RANGE

DIRECTIONS

The Range is midway between Northampton and Kettering off the A43. See 'red box' on above map. There is no accurate postcode. As a guide the closest is NN6 9TE. (A nearby farm) The entrance is clearly signed 'Sywell Range' and is set slightly back off the road. Go through the LH gate. (if you have to open it please close it behind you) Drive along the road (Follow the red dotted line on the lower map) to the range area. Please drive slowly as pedestrians use the road on the range complex. Turn left through the bottom gates and go along the road until you reach a wide grass parking area. You have reached the range.
